Notes: A lot of hornpipes are sped up and played as reels. My friend Sandy thinks that they should be played as hornpipes if they are hornpipes. On a lark, she founded the National Save the Hornpipe Society. She made buttons for us all to wear. This tune is named after the society. Hornpipes often have the word hornpipe as part of their title. So, properly, this tune should be called Save the Hornpipe Hornpipe but that seems a bit redundant. So, it's just Save the Hornpipe.
